Amber Taylor, President of Back to the Bricks® said, “Back to the Bricks® Tune Up Week is something each of our Car Participants anticipates each year. Our Tune-Up Chairman works hard to ensure we offer unique and FUN-Safe Events, allowing even NEW cities and locations to participate in the Fun. We are delighted to be featuring two new locations this year, stopping in Lapeer for the FIRST TIME, and making our way to Owosso to our sponsor's location, Owosso Speedway. These new stops will offer the same Back to the Bricks® experience but welcome even more car participants to join in. We anticipate great turnouts at both stops.”

“I can't wait for Tune-Up week and drive into all these amazing and supportive communities. The fun everyone will have, but the thing I keep remembering is that we are not only promoting our Main Event which will follow next week, we are contributing to each of these communities. The shopping, the fuel, the food, the welcoming of the local car clubs and participants, sometimes I must pinch myself, that this is my career. I am truly Lucky!” Said Taylor.

“Planning this year's 'Tune-Up' Parties came right down to exploring new areas and working with our sponsors. Many of the Cities were excited, we had a ton of submissions. These Tune-Up events each night will draw anywhere from 500-1,000 cars, which will mostly have two people in each vehicle. Making sure these cities and stops are ready for this influx is a priority for all. Happy to say, all cities and stops are thrilled and ready to have us roll on in.” Said Tony Bauer Chairman of the Tune-Up Parties. He continued, “We are in search of Vehicle Submissions to be featured on the coveted shirts, so make sure if you are interested you email your photo, and vehicle information to me via email.”

Greg Viener, Flint Market President for Huntington Bank added, “Back to the Bricks draws thousands of auto enthusiasts to downtown Flint to celebrate this region's role in the auto industry. The Tune-Up Week parties extend the celebration beyond the bricks and into the broader community, and Huntington is thrilled to be the Tune-Up Week sponsor. Our team always has a great time meeting and talking to everyone, and we're looking forward to another great week of celebrations this year.”
